Date of Meeting: 08/04/2017

Start Time: 12:00 **End Time:** 15:00

Meeting Location: E Pershtatshme

Moderator: Livja Papuciu

Recorder: Noel Boci

Other Members Present:

Eixhan Gruja
Megi Bezhani
Urim Ahmetaj

Members Absent: ---

Topics Discussed:

Today's discussions were about the requirements specifications and the design for each functionality that we plan to incorporate in the software.

Decisions Made:

We decided to use the last version of eclipse, Eclipse Neon to facilitate our work. Next we completed most of the requirement specifications step by step. We had several discussions during this phase between members to decide how the application should work and also some brainstorming sessions to make it functional and the most user-friendly possible. We made some rough sketches as a result and created a more specific idea of how the software is going to operate.

Tasks Assigned:

Livja Papuciu- assign tasks to each of the members in order to complete the requirements specifications, and coordinate them.

Noel Boci- Complete task and prepare a first design for the mobile version

Megi Bezhani-complete tasks, talk with all members to keep up on what they're doing and edit the wiki group logs

Eixhan Gruja- complete tasks, work on design, come up with a design for the functionalities for the desktop application.

Urim Ahmetaj- complete tasks

Time, Place, and Agenda for Next Meeting:

09:45 AM, 11/04/2017, Epoka University, PC Lab 2. Specify in more details and have a final idea for each functionality of the software.
