Topics Discussed:

We discussed how the work will continue. Now we have a clear idea of the features and functionalities of what we are aiming to develop. By defining all the cases and possible scenarios, we as a group now know how our application is going to work.

Decisions Made:

All new functionalities will be added and we will further continue with the diagrams building and make more accurate specifications about the application.

Tasks Assigned:

Noel Boci- Build the use cases with tables, adding specifics to make them more readable
Megi Bezhani- Build use cases with actors in diagrams
Urim Ahmetaj- Make activity diagrams with draw.io
Eixhan Gruja -provide further design layouts with scene builder
Livja Papuciu-make clarifications and adjustments to the requirements specific document

Time, Place, and Agenda for Next Meeting:
